Ogden Sentinel Program – Organizational Overview

Below is a structured org chart (textual) for Northrop Grumman's Ogden teams supporting the **LGM-35A Sentinel (GBSD) ICBM** program. Each person's name, title, and team are listed, along with whether they are known to be working on the Sentinel program (if uncertain, marked as "Unknown"). This chart is derived from ZoomInfo contacts for Northrop's Ogden/Hill AFB location and enriched with relevant info (e.g. LinkedIn, program context).

Program Leadership (Ogden Sentinel Program)

- **Lori Belnap** – *Director and Program Manager* (Ogden, UT) – **Sentinel:** Yes. (Overall Program Manager leading the GBSD **Sentinel** ICBM effort in Ogden.)
- **Renee McCormick** – *Deputy Program Manager* (Ogden, UT) – **Sentinel:** Yes. (Deputy PM supporting the Sentinel program leadership.)

Program Management Office (PMO) & Project Managers

- **Chavelli De Leon** – *Manager, Project Management* – **Sentinel:** Yes. (Leads the program's Project Management Office overseeing project coordinators and schedules.)
- **Michelle Luna** – *Senior Principal Project Manager* – **Sentinel:** Yes. (Senior project manager on the **Sentinel System Test** team ① ② , supporting program execution.)
- **Richard Toothacre** – *Project Manager* – **Sentinel:** Yes. (Project manager in the program office handling Sentinel project efforts.)
- **Cote Doiron** – *Principal Project Manager* – **Sentinel:** Yes. (Principal-level project manager supporting Sentinel program initiatives.)
- **Maren Anderson** – *Project Manager, Program Management Office* – **Sentinel:** Yes. (PMO project manager coordinating program tasks for Sentinel.)
- **Kaitlyn Kalfman** – *Project Management Principal* – **Sentinel:** Yes. (Principal PM, likely involved in strategic proposals or new business for Sentinel.)
- **Jared Shimoun** – *Technical Program Manager* – **Sentinel:** Yes. (Oversees technical projects within the Sentinel program.)
- **Kevin Ashurst** – *Program Manager, Integration & Planning* – **Sentinel:** Yes. (Leads integration and planning efforts for the Sentinel program schedule/roadmap.)
- **Clint Stanger** – *Program Manager* – **Sentinel:** Yes. (Program manager in Ogden; likely responsible for a specific Sentinel sub-project or function.)
- **Sue Gipson** – *Division Program Manager, Internal Audit & CMMI* – **Sentinel:** Unknown. (Oversees internal audit/CMMI compliance for the division – may support Sentinel's process improvement but role spans beyond one program.)
- **David Manke** – *Senior Principal Project Manager* – **Sentinel:** Yes. (Senior principal PM in Ogden; supports Sentinel program execution, possibly in an operations or business management capacity.)

- **Ericka Zavala** – *Program Manager* – **Sentinel:** Yes. (Program manager in Ogden supporting Sentinel, specific area not specified.)
- **Chelsea Deuel** – *Project Manager* – **Sentinel:** Yes. (Project manager working on Sentinel-related projects.)

Systems Engineering & Integration (SE&I) Team

- **Peri Jacobsen** – *Manager 3, Systems Engineering, Integration & Test (Strategic Planning & Proposals)* – **Sentinel:** Yes. (Senior SE&I manager guiding **Sentinel** systems engineering strategy and proposal efforts.)
- **Mark Luczkowski** – *Systems Engineering Manager* – **Sentinel:** Yes. (Leads a systems engineering group for the Sentinel program.)
- **Alexander Mercer** – *Systems Engineering Manager* – **Sentinel:** Yes. (Leads another systems engineering team for Sentinel.)
- **Bret Goering** – *Systems Engineering Manager* – **Sentinel:** Yes. (Systems engineering manager on the Sentinel program.)
- **Jacob Sweeney** – *Systems Engineering Manager II* – **Sentinel:** Yes. (Senior manager (level II) overseeing systems engineering staff on Sentinel.)
- **Mitchell Volpe** – *Systems Engineering Manager* – **Sentinel:** Yes. (Manager for systems engineering in the Sentinel program.)
- **Sean Varga** – *Systems Engineering Manager 3* – **Sentinel:** Yes. (Experienced manager (level 3) in systems engineering for Sentinel.)
- **Cameron Alsgood** – *Systems Engineering Manager II* – **Sentinel:** Yes. (Manager for systems engineering, likely handling a specific subsystem of Sentinel.)
- **Christopher McCleve** – *Manager, System Engineering* – **Sentinel:** Yes. (Manager in the systems engineering team for Sentinel.)
- **Cynthia Boatright** – *Senior Systems Engineering Manager* – **Sentinel:** Yes. (Senior manager leading systems engineers on Sentinel.)
- **Bronson Stephens** – *Manager, Systems Engineering* – **Sentinel:** Yes. (Manager of a Sentinel systems engineering unit.)
- **Laura Boltz** – *Training Systems Engineering Manager, Development* – **Sentinel:** Yes. (Leads development of **training systems** engineering for Sentinel – e.g. simulation/training subsystems.)
- **Andrew Blomquist** – *Senior Systems Engineering Manager* – **Sentinel:** Yes. (Senior manager in systems engineering on Sentinel.)
- **Jared Jeka** – *Manager 2, Systems Engineering* – **Sentinel:** Yes. (Mid-level manager over systems engineers for Sentinel.)
- **Curtis Soelberg** – *Systems Senior Principal Engineer* – **Sentinel:** Yes. (Principal systems engineer working on Sentinel.)
- **Julian Pinilla** – *Systems Senior Principal Engineer* – **Sentinel:** Yes. (Senior principal systems engineer on Sentinel.)
- **Jeffrey Summers** – *Senior Principal Mechanical Engineer (Space Systems)* – **Sentinel:** Yes. (Principal **mechanical engineer** supporting Sentinel within Northrop's Space Systems division.)
- **Jared Reid** – *Senior Principal System Engineer* – **Sentinel:** Yes. (Senior principal systems engineer on the Sentinel program.)
- **Asim Conrad** – *Senior Principal System Engineer* – **Sentinel:** Yes. (Senior principal systems engineer on Sentinel.)

- **Mark Scoville** – *MBSE Training Lead* – **Sentinel:** Yes. (Leads **Model-Based Systems Engineering** training for the Sentinel team, ensuring engineers are up to speed on MBSE methods.)

Test Engineering Team

- **Daniel Stuart** – *Manager, Sentinel System Test Engineering* – **Sentinel:** Yes. (Leads the **System Test Engineering** team for Sentinel [3], overseeing all system testing and integration activities.)
- **Maxwell Young** – *Manager II, Test Engineering* – **Sentinel:** Yes. (Manager (level II) in test engineering, likely leading a subgroup (e.g. test labs or specific test campaigns) under the Sentinel test IPT.)
- **Edward Lopez** – *Senior Principal (GBSD) & Systems Test Engineer* – **Sentinel:** Yes. (Senior Principal Systems Test Engineer on **Sentinel GBSD**, serving as a lead test engineer.)
- **Frank Pena** – *Principal Systems Test Engineer* – **Sentinel:** Yes. (Principal test engineer contributing to Sentinel's system test efforts.)
- **Lee Dieckman** – *Senior Principal Systems Test Engineer* – **Sentinel:** Yes. (Senior principal engineer on the Sentinel test team.)
- **Caleb Hancock** – *Principal Systems Test Engineer* – **Sentinel:** Yes. (Principal systems test engineer for Sentinel.)
- **Steven Duplessis** – *Systems Test Senior Staff Engineer* – **Sentinel:** Yes. (Senior staff engineer in system test for Sentinel.)
- **Ashley Pacheco** – *System Test Engineer* – **Sentinel:** Yes. (Systems test engineer working on Sentinel's testing activities.)
- **Alexander Szymanski** – *System Test Engineer* – **Sentinel:** Yes. (Systems test engineer on the Sentinel program.)
- **Patrick Sivets** – *System Test Principal Engineer* – **Sentinel:** Yes. (Principal engineer focusing on system test for Sentinel.)
- **Brandon Link** – *Systems Test Principal Engineer* – **Sentinel:** Yes. (Principal systems test engineer for Sentinel.)
- **Randy Young** – *Test Systems Engineer* – **Sentinel:** Yes. (Test systems engineer supporting Sentinel test activities.)
- **Jonathan McAvoy** – *Systems Test Engineer* – **Sentinel:** Yes. (Systems test engineer on Sentinel.)
- **Akolade Okunola** – *Systems Integration Principal & Ground Test Engineer* – **Sentinel:** Yes. (Principal engineer for systems integration and ground testing on Sentinel.)

Software Engineering Team

(Multiple software teams support Sentinel, reflecting the program's large software scope. The Command & Control software IPT alone is ~20–30 engineers across UT/CO [4], hence several managers oversee different segments.)

- **Tyler Holt** – *Software Engineering Manager* – **Sentinel:** Yes. (Software engineering manager leading a team of Sentinel software developers.)
- **Connor Boutin** – *Software Engineering Manager* – **Sentinel:** Yes. (Manager of a software engineering team working on Sentinel.)
- **Daniel Gray** – *Software Engineering Manager* – **Sentinel:** Yes. (Software engineering manager for a segment of Sentinel's software.)
- **Dayton Minor** – *Software Engineering Manager* – **Sentinel:** Yes. (Manager overseeing software engineers on the Sentinel program.)
- **Allon Echols** – *Software Engineering Manager* – **Sentinel:** Yes. (Software engineering manager supporting Sentinel development.)

- **Deven Capanna** – *Manager, Software Engineering 2* – **Sentinel:** Yes. (Software manager (level 2) for Sentinel, likely heading a significant software module or team.)
- **Trescott Jensen** – *Embedded Software Senior Principal Engineer* – **Sentinel:** Yes. (Senior Principal engineer specializing in **embedded software** for the Sentinel ICBM.)

Logistics & Sustainment IPT

- **Patrick Hood** – *Program Manager, Logistics* – **Sentinel:** Yes. (Leads logistics and sustainment for Sentinel, managing acquisition logistics and maintenance support [5] [6] .)
- **Shelby Iverson** – *Senior Project Manager, Logistics* – **Sentinel:** Yes. (Senior project manager on the **Logistics & Sustainment** team for Sentinel, working with Patrick and the IPT lead [6] .)

(Note: The Logistics & Sustainment IPT is responsible for acquisition logistics, maintenance planning, and Integrated Logistics Support for Sentinel. e.g., ensuring spare parts, training, and documentation keep pace with development [7] [6] *.)*

Operations, Supply Chain & Site Support

- **John Youngberg** – *Senior Manager, Supply Chain Programs* – **Sentinel:** Yes. (Oversees supply chain efforts for Sentinel, ensuring materials and suppliers meet program needs.)
- **Teena Northern** – *Program Manager, Supply Chain* – **Sentinel:** Yes. (Program manager coordinating supply chain activities for Sentinel.)
- **Layne Russell** – *Program Manager, Supply Chain* – **Sentinel:** Yes. (Program manager overseeing supply chain and procurement for Sentinel.)
- **Candice Martinez** – *Senior Principal Subcontracts Administrator* – **Sentinel:** Yes. (Manages subcontracts for Sentinel, handling vendor contracts and procurement.)
- **Cameron Loftus** – *Program Manager, GSC & Planning* – **Sentinel:** Yes. (Leads Global Supply Chain planning for Sentinel, aligning procurement with program schedules.)
- **Cara Parkinson** – *Senior Project Manager, Facilities* – **Sentinel:** Yes. (Manages facilities projects at the Ogden/Roy site to support Sentinel program needs.)
- **Summer Draper** – *Project Manager, Site Operations* – **Sentinel:** Yes. (Oversees site operations projects (infrastructure, staffing support, etc.) at the Sentinel program facility.)

Enterprise IT & Cybersecurity Support

- **Melissa Meyerpeter** – *IT Senior Principal & Program Manager* – **Sentinel:** Yes. (Senior principal IT program manager overseeing information technology support for the Sentinel program.)
- **Claire Davison** – *Program Manager, Enterprise Services IT* – **Sentinel:** Yes. (Manages Enterprise Services IT support for the Sentinel site – networks, hardware, and enterprise applications.)
- **Christopher Markarian** – *Information Systems Senior Principal & Project Manager* – **Sentinel:** Yes. (Leads information systems projects supporting Sentinel's program needs – e.g. specialized software tools, data systems.)
- **Demetress Wright** – *Information Systems Principal & Project Manager* – **Sentinel:** Yes. (Manages IT/IS projects in support of Sentinel, such as internal tools or network upgrades.)
- **Jesse Emery** – *Information Systems Principal & Project Manager* – **Sentinel:** Yes. (Principal IS project manager, supports Sentinel (e.g. lab IT systems) [8] .)

- **Sebastian Mystkowski** – *Project Manager, Information Systems* – **Sentinel:** Yes. (Information Systems project manager for Sentinel support systems.)
- **Lance Egan** – *Executive IT Support Lead* – **Sentinel:** Yes. (Leads on-site IT support, ensuring executives and program teams have reliable secure IT – vital for Sentinel's classified work.)
- **John Leavitt** – *Cyber Systems Engineer* – **Sentinel:** Yes. (Cybersecurity systems engineer protecting Sentinel program networks and systems.)
- **Carson Payne** – *Principal Cyber Systems Engineer* – **Sentinel:** Yes. (Principal cyber systems engineer supporting Sentinel's secure systems architecture.)
- **Keaton Thornock** – *Principal Cyber Systems Engineer* – **Sentinel:** Yes. (Principal cybersecurity engineer for Sentinel, focusing on information assurance of the ICBM systems.)
- **Josh Mullis** – *Aerospace Cyber Systems Engineer* – **Sentinel:** Yes. (Cyber systems engineer specializing in securing Sentinel's aerospace/weapon systems.)

Program Controls & Configuration Management

- **Bill Ward** – *Manager, Program Control* – **Sentinel:** Yes. (Manages program control for Sentinel – overseeing budgeting, cost/schedule performance (EVMS), etc.)
- **Tanner Blonquist** – *Manager, Program Control* – **Sentinel:** Yes. (Manages program control; works with Bill to handle Sentinel's cost and schedule management.)
- **Bryce Osieczanek** – *Project Management Analyst* – **Sentinel:** Yes. (Program analyst supporting **Sentinel's** project control – likely handles scheduling, earned value tracking, etc.)
- **Courtney Jacobson** – *Configuration Data Management Controller* – **Sentinel:** Yes. (Controls configuration data for Sentinel, managing documentation and version control of system configs.)
- **Shane Gallegos** – *Section Configuration Analyst & Manager* – **Sentinel:** Yes. (Leads a configuration management section, ensuring design/test documentation for Sentinel is controlled and compliant.)
- **Nikola Lee** – *Configuration Management Analyst* – **Sentinel:** Yes. (Analyst handling configuration management tasks for the Sentinel program.)

Program Risk Management

- **Amanda Talyat** – *Program Risk Principal & Manager* – **Sentinel:** Yes. (Principal manager for program risk on Sentinel – oversees identification and mitigation of program risks.)
- **Ashlyn Bornheim** – *Manager, Program Risk* – **Sentinel:** Yes. (Manages the risk management process for the Sentinel program, tracking and addressing technical/programmatic risks.)

Sources: The above information is compiled from ZoomInfo contact data and program context. For example, ZoomInfo shows *Daniel Stuart* as "NG **Sentinel** System Test Engineering Manager" [3] . Key personnel like **Michelle Luna** are confirmed to be part of Sentinel's system test team [1] . In the Logistics IPT, **Patrick Hood** and **Shelby Iverson** are identified as Sustainment leads supporting Sentinel [7] [6] . This org chart encompasses all provided Ogden contacts, grouped by functional team, with Sentinel involvement noted accordingly.
